

Potential adverse effects for the vaper and the persons in his/her entourage: First-time users of vapor product systems may experience mouth irritation, dry throat, or coughing. If these symptoms persist for more than 48 hours or worsen, consult a doctor. Using a low nicotine strength can cause withdrawal symptoms such as irritability, anxiety, or sleep disturbances. Vaping may also affect those nearby, especially in enclosed spaces or individuals with respiratory conditions, allergies, or sensitivities. Use caution around children, pregnant women, and people with health conditions.

Possible Contraindications:

Propylene Glycol:

- May cause side effects in people taking certain medications like disulfiram or metronidazole.
- Could trigger allergic reactions in those with a history of allergies, eczema, or hay fever.
- Glycerol:
- Increases the risk of dehydration in the elderly and those already dehydrated.
- Individuals with diabetes should use caution, as metabolized glycerol may cause minor hyperglycemia or glycosuria.

REMINDER:

If this device is accidentally dropped, please make sure you check the following items before using it again:

- The pod and battery is intact and no parts are loose,
- No leakage of e-juice is found on the pod;
- The mouthpiece of the pod is not damaged,

If a visual inspection shows no signs of damage, you may proceed to use it.

Before use, clean the mouthpiece and other accessible parts with a dry cloth or paper towel.

The vapor product system shall not be used if cracked or deformed. Using a damaged product can cause leaks, malfunctions, or explosions. Always inspect the device and battery for damage before use.

If any damage is found, discontinue use immediately and replace the defective item. Do not use the vapor product system if the tank is empty or nearly empty, or if you detect a significant change in flavor.

TROUBLESHOOTING:

Common Issues and Solutions

- No Vapor Production: Ensure the battery is fully charged, if the issue persists, the battery or the pod may need to be replaced.
- Burnt Taste: The pod may be running low on e-liquid or the internal coil could be damaged. Consider replacing the pod if the problem continues.
- Leaking: Make sure the pod is not exposed to high temperatures or direct sunlight. If leaking persists, it may be time to replace the pod.

User Manual

Pod Specifications

Commercial Name: AMZ A1 Pod

Brand Name: AMZ Vape

Model Name: A1

Pod Dimension: 26*34.3*88.3mm

Type: Not Refillable Disposable Pod

Ingredients: Propylene Glycol, Vegetable Glycerin, Natural & Artificial flavors and Conventional Freebase Nicotine.

Nicotine type: Freebase Nicotine

Nicotine Concentration: 15mg/mL

Alcohol Content: None

E-liquid Volume: 10mL e-Liquid

Coil Resistance:0.9ohm

Tank Material: PCTG

Food Allergen(s): N/A

Battery Specifications

Commercial Name: AMZ A1 Battery

Brand Name: AMZ Vape

Model Name: A1

Product Dimension: 26*22.6*19.9mm

Type: Rechargeable Battery

Capacity: 800mAh

Port: Type-C

Watts: 12.5W

Charging Voltage: 5V

Discharge Voltage: 3.4V

Charging Current: 800mA

Battery Hardware Materials: Lithium cobalt battery

Manufactured by:

Shenzhen SKEY Technology Co., Ltd.

Address: #1602, Block 3, Namtai Inno Park, Guangming District, Shenzhen, China

License: 5144030059

FOR EXPORT TO THE PHILIPPINES;

TAX AND DUTY PAID

NO ACCESSORIES INCLUDED.

How to Use

- Plug the battery with pod
- Draw from the mouthpiece

Usage to be avoided:

- Avoid exposing the pod, battery /device to extreme heat or direct sunlight, as this can cause leakage or flavor changes.
- Keep the pod, battery /device away from water or liquids to prevent malfunctions and short circuits.

HANDLING AND MAINTENANCE:

Storage: Please store the product in a cool dry place. Keep away from direct sunlight and extreme temperatures.

Cleaning: Use a dry cloth or paper towel to clean the mouthpiece and other accessible parts of the device before using.

Replacement of Parts: This battery is a replaceable component.

Should the device become non-functional, refer to the disposal guidelines provided. The pod component is disposable.

Pod Lifetime: The pod typically lasts between 1 to 2 weeks, depending on usage frequency, type of e-liquid ;

Replacement Recommendation: Replace the pod every 1 to 2 weeks, or as soon as you notice a burnt taste or a significant drop in vapor production.

Battery Lifetime: The rechargeable battery has a validity period of 24 months. The life will be reduced after the battery is recharged 800 times.

Recommendation: replace the battery if the use time is severely shortened after a full charging.

Waste Disposal:

- Detach the pod from the battery before disposal.
- Place the pod in a sealed container or plastic bag to prevent leaks, and dispose of it at an electronic waste disposal facility or as per local hazardous waste guidelines.
- Dispose of batteries at designated recycling points; do not discard them in house hold trash due to potential hazards.
- If recycling is not available, follow local regulations for disposing of electronic waste.

INFORMATION ON OPENING, RECHARGING, AND REFILLING.

OPENING:

This pod component is a closed pod.

RECHARGING:

When charging, the LED screen shows battery level and stay lit. Once fully charged, the light will turn off.

REFILLING: Product is not refillable.

CHARGING: A Charger with different characteristics should not be used.

OVERHEATING: If the vapor product system becomes too hot during use or charging, stop immediately. Always use the recommended charger and avoid chargers with different voltage or current specifications, as incompatible or unqualified chargers can lead to overheating, damage, or safety hazards. Do not use the device in hot environments, and allow it to cool down between uses.

WARNING:

HEALTH WARNING: This product is harmful and contains nicotine which is a highly addictive substance. It is not recommended for use by nonsmokers. This product is not recommended for pregnant women or people with cardiovascular problems. Using this product may damage the cardiovascular system and respiratory system, and may also lead to nicotine addiction. Do not swallow, keep out of reach of children, avoid prolonged contact with the skin.

IF SWALLOWED: Seek medical attention immediately.

IF ON SKIN: Rinse thoroughly with soap and water.

IF SKIN IRRITATION OCCURS: Seek medical advice or attention. Keep away from children and pets.

AGE RESTRICTION: Not for persons below 18 years old.

This product may cause undesirable effects for both users and those around them. Please use it responsibly.
